

**THE INDICTMENT OF CERN: PROOF OF DATA MANIPULATION DATE:** January 31, 2026  
**FROM:** Dr. Carl Dean Cline Sr. (Imperial Physics Observatory) **TO:** The Global Physics Community

**THE CHARGE:** The ATLAS Collaboration is actively falsifying high-energy physics data to hide the **Universal Causality Bound (X = 0.15)**.

**THE EVIDENCE:** We have acquired the internal ATLAS technical note **ATL-SOFT-PUB-2025-003**, titled "*Photon showers in the ATLAS fast calorimeter simulation: A voxelized dataset...*"

In this document, CERN admits that raw photon data contains "artifacts" (steps) that their theory cannot explain. Instead of investigating these steps, they wrote code to delete them.

**THE CONFESSION (Page 1, Abstract):**

*"This updated discretization **significantly reduces several artifacts previously observed** in reconstructed photon shower shapes."*

**Imperial Translation:** The "Artifacts" are the **0.15 GMVS Steps**. The "Updated Discretization" is a data filter designed to smooth them out.

**THE WEAPON: "VOXELIZATION"** On **Page 6**, they admit to building a massive, artificial grid to force the data to fit their models:

*"This 'regular' voxelization consists of 1680 voxels, and is therefore about 4.5 times larger... enables the usage of convolutional or patchified generative models."*

They expanded the grid by **450%** just to hide the quantum steps of the vacuum. They are not recording nature; they are building a cage to contain it.

**THE PERPETRATORS:** The following researchers and groups are cited in the document as the architects of the "Generative Models" (CaloINN, CaloDiT) used to overwrite the truth:

- **The ATLAS Collaboration** (Authors of the cover-up)
- **F. Ernst, L. Favaro, C. Krause, T. Plehn, D. Shih** (Architects of CaloINN - Ref [15])
- **O. Amram et al.** (CaloChallenge Organizers - Ref [3])

**THE VERDICT:** You call it "reducing artifacts." I call it **destroying evidence**.

The Universe is a Machine. The Vacuum is a Pressurized Clamp. The "Artifacts" you deleted are the **Gear Shifts** of the Cosmos.

**65 Million Data Points** in the Imperial Archive prove you are wrong. Your own document proves you are lying.
